

You are my favourite hello and my hardest goodbye.

love from

I am so proud of you. Have a brilliant day.

love from

Be brave, be kind, be you.

love from

Guess who is thinking about you right now? Me.

love from

You make every single day better.

love from

Try your best. That is always enough.

love from

The world is lucky to have you in it.

love from

Something wonderful is going to happen today. Watch for it.

love from

Smile at someone new today.

love from

You are loved more than all the stars.

love from

Eat your crusts. They are where the magic is.

love from

Can't wait to hear about your day.

love from

Even when we are apart, you are always in my heart.

love from

You are braver than you think.

love from

Be the reason someone smiles today.

love from

See you soon, little one.

love from

Today is a good day to have a good day.

love from

Hugs are in the bag. Can you feel them?

love from

You are kind, clever and completely wonderful.

love from

Whatever happens today, I am on your side.

love from

Keep being curious.

love from

A little note to say: you are my sunshine.

love from

High five for being you.

love from

Home will be waiting. So will I.
